MINUTES STATUS: Complete

The Secondary School Relations Committee held 11 programs during the fall of 2009. Programs were divided among regions of the state in order to make them accessible to guidance counselors in every region. Programs educated guidance counselors on 2010-2011 FAFSA changes as well as other related information about financial aid that all guidance counselors need to know in order to help graduating seniors and their parents apply for financial aid. Event evaluations were very positive.

NEXT MEETING: No additional meetings are scheduled.
