Over the past several weeks, since the Transition Board Meeting in June, the Committee Members have been researching sites for both the 2009 Transition Board meeting place and the 2010 Conference site. We are considering returning to Wintergreen for the 2009 Transition Board Meeting in June. A contract is currently being reviewed for this site.

Michael, Biz and Zita have been visiting different locations throughout the state for possible 2009 Conference sites including Williamsburg, Harrisonburg, Roanoke and Charlottesville. We are waiting for contract estimates and will be visiting a site in Roanoke this week.

NEXT MEETING: Meetings will continue as information and contract offers come in.
